## EXPERIENCE

**PLEXUS CAPITAL, LLC** – Raleigh, NC June 2025-Dec 2025  
*A leading lower middle market private credit fund with ~ \$2.7B in AUM*

### Private Credit Intern

- Evaluated 15+ inbound opportunities from the sourcing team and conducted preliminary diligence, industry benchmarking, and transaction value screening to prioritize targets for investment committee review
- Enabled investment committee decisions on \$20M–\$75M buyout and add-on targets by developing detailed 3-statement operating, LBO, and sensitivity models, quantifying returns and potential synergies
- Prepared 4 investment committee memos and CIMs summarizing business model, market positioning, key risks, and financial performance to support go/no-go decisions and transaction pitches
- Supported underwriting of \$45M financing across 4 companies by performing credit analysis, covenant modeling, and downside stress tests

**HARIYO TARKARI PVT LTD** – Butwal, Nepal 2020-2024  
*An agri-business startup with retail and B2B channels and \$3M in annual revenue*

### Director of Finance

- Launched Nepal's first vertically integrated agri-retail chain, building a sourcing network of 500+ farmers and 20+ cooperatives and scaling operations to \$3M in annual revenue
- Secured \$500K in external funding by developing financial models, designing capital structure, and presenting a growth strategy that expanded capacity, strengthened liquidity, and accelerated market expansion
- Drove 70% YoY growth and scaled to \$3M revenue by building the financial framework that guided go-to-market strategy, enabling rollout of 110+ collection centers through investment planning and resource allocation
- Directed valuation analysis, due diligence, and negotiations for a 40% equity investment from Pahadi Foods, enhancing purchasing power, R&D, and distribution network reach
- Evaluated and executed strategic partnerships and co-investments with 9+ suppliers and distributors, securing exclusivity, boosting fulfillment reliability by 20%

**SOFTNEP PVT LTD** – Part Time- Kathmandu, Nepal 2018-2019  
*A leading web design and tech consulting firm in Nepal with 1000+ clients*

### Product and Financial Analyst

- Supported financial planning for \$1.4M in product development projects by preparing baseline budgets, reconciling expenses, and assisting in cost tracking to ensure adherence to project goals
- Developed interactive Excel and Power BI dashboards visualizing sales pipeline stages and conversion rates, enhancing data-driven decisions across product and sales teams, resulting in 15% higher conversion
- Conducted 10+ competitor benchmarking and market research, transforming findings into financial summaries and reports that guided management in refining pricing and go-to-market strategies
